EXPERIENCE

PERSONAL PROJECTS

Frontend Web Developer

Remote
April-2022– Present

Todo-app — App where users can plan all their daily activities in an organized manner. The app lets users plan their duties and be able to remove completed activities once done.

- Built with: (React, Javascript, Html, CSS)

Simple calculator — A simple mathematics calculator for performing simple operations. It is helpful for small-scale traders, accounts, and even elementary school students.

- Built with: (React, Javascript, Html, CSS)

MICROVERSE

Mentor (Volunteer)

Remote
April-2022 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on maintaining motivation to maintain longevity in the program.

EDUCATION

MICROVERSE

Remote Full Stack Web Development Program, Full Time

Jan-2022 – Present

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair programming using GitHub, industry-standard Gitflow, and daily standups to communicate and collaborate with international remote developers.
